Project Description:

The project is answering the needs of preserving the coastal side of North Java Sea in Mangkang. This area is now in danger due to the abrasion of the sea, cutting mangrove by local factory and heavy force from the river flows. Volunteers will do several works including planting mangrove and other trees in seashore, garbage management discussion to local people and children, renovation of mangrove garden for environment education center, school visits and green campaign.

Work: Work Camp volunteers will have some work as follow: Planting mangrove, and other trees in beach Environment education to local people and children School visits to create a workshop on climate awareness Green campaign in city centre Garbage management Manage the mangrove fruits to be snacks or foods and promote it.

Possibilities of leisure time The campsite is in the village where the local culture is still strong. People there are very nice and humble. During leisure time, volunteers can take a walk to several beautiful landscape or maybe have a nice talk in cafe nearby the camp site.

Requirements: Participation fee of Projects should be paid upon arrival. It is

usually after orientation session from IIWC staff or Camp Leader.

Visa: 1. 211 visa (social culture visa) lasted for 60 days and extendable 4 times (30 days each). however, to get this visa, we (as your sponsor) should apply a telex visa in Jakarta immigration

Others: 2. If it's too complicated, then the second option is visa on arrival (VOA) cost USD25-USD35 paid in any airport in Indonesia. this visa lasted 30 days and extendable 1 time, so he could have 60 days in total. After 60 days, he could travel to another country near Indonesia and come back to Indonesia using the free visa (he could only get it from certain airport : Jakarta and Bali are two of them).
