We have 6 houses where the residents and volunteers reside. We currently have a total of 13 residents, from 12-15 volunteers from all over the world as well as full and part-time staff. We believe that the most important thing in life is relationships.

Work: Volunteers form the team that run the day to day operations of the Stanton Home household. This will include individual people care, housework and odd jobs. Volunteers are expected to take initiative and responsibility, to manage their time and involvement so that the people with special needs are safe, healthy and well cared for while the daily work gets done.
