Project Description:

Major idea of this project “operation food basket” is to create the opportunity for young people to acquire some skills on small scale farming to allow them to grow their own food (and possibly extra food to sell on the market). Cultural diversity is also exchanged. Some weekends are designated to social activities. These include cultural nights, expositions, entertainments, dancing, drum in an open show, camp fire, display of cultural wears and foods. All volunteers and local youths in the communities are involved in those activities.

Notice: *This is an Africa WG project. Please contact the SCI branch or partner organisation in your country for further information.*
